NATIONAL SERVICE SCHEME (NSS)

ACID ATTACK SESSION

8th February, 2023

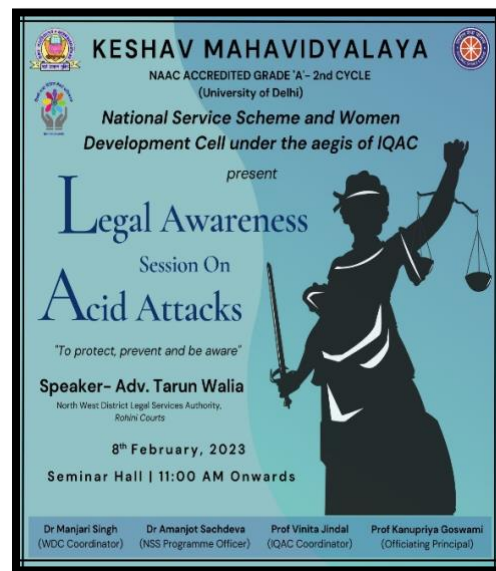

National Service Scheme

ACID ATTACK SESSION

Acid attacks are a form of violence in which acid or another corrosive substance is thrown at a person, usually a woman or a girl, with intention of maiming, torturing, or killing them. Sadly, the number of cases involved in this crime and specifically in India, are not decreasing, what is decreasing are the number of chargesheet filed against people for this crime. It is clear that strict legal actions can greatly reduce these kinds of crimes.

(POSTER OF THE EVENT)

To raise some awareness, the **NSS unit of Keshav Mahavidyalaya and Women Development Cell** under the aegis of **IQAC** on 8th February 2023, held a legal awareness session on acid attack. The speaker, **Advocate Tarun Walia**, practicing criminal lawyer from last 16 years in district as well as in high courts across country, was invited to educate about the legal aspects related to the acid attack crimes. He is also a panel lawyer with **DLSA (District Legal Services Authority)**. With the help of documentaries, he shared his experience of dealing with such crimes and made the students more aware about the laws and acts in the Indian Penal Code related to the acid attack crimes. The students took an active part and gained a lot of information from the session.
