Your valuable suggestions for further development of this College 87 responses NA No None The time required by adminstration department can be improved. We should include more field visits. Some workshops related to real life usage as in for mathematics as Advance Excel, Project work related to mathematics research etc. More seminars for science students Do regular alumni meet for a proper connect with the students. Because alums will be the future recruiters. This will enhance placements I would suggest to improve the conditions of washrooms and also the leaking sewer pipes in girls' hostel. Kindly install working projection equipment and facilities in classrooms. Regular cleaning of water coolers is also suggested. Kindly form an operational food assessment committee in hostel with students a key part of it. Kindly make gym and table tennis facilities easily accessible for college students. College's corporate relations need to be strengthened - Placement Cell must be given full assistance and support by connected administration. Additionally, quality of lectures Should provide wifi facilities inside the classroom Lots of things would have changed after I passed in 2005. It would be difficult to provide suggestions now. Staff must coordinate with students Not applicable Infrastructure can be improved Canteen can be improved The admin is not at all helpful More laboratory practice Creating more strong Alumni network in terms of placement support and mentorships College should have proper placement cell

Should encourage in Sports The areas where I have marked as average in the form should be addressed. The canteen during my time was pathetic with close to 0 good options available, cultural activities were pretty less as compared to other colleges of DU, etc. More happening events and cultural events should be held in college No suggestions The college should be more receptive towars cocurricular and extra curricular activities for its students I think there should be women sports teacher for girls. h Better classroom infra and more focus on cleanliness in canteen and lawn areas Provide for beeter exposure to students Seminars/Workshops every weekend, Better Placement cell No suggestion Improving infrastructure and placement cells Its good no suggestions. Please include a stationary and print out shop in the campus To introduce more courses Nothing Improve culture activities Must improvement in admin department work One intelligent student doesn't represnt the full class. One to one mapping for academically weaker students when it comes to new subject. Given, KMV is a lesser known gem of Delhi University, efforts should be made to make it a well-known DU college Admin staff needs to be more polite and cooperative. Improve quality of food provided in canteen and playground should be well maintained Cultural activities should be promoted. Provide more funds to students so that they can arrange more energetic and interesting events if possible!! I believe the different processes associated with college must be more efficient and Canteen should be improved in terms of infrastructure.

should encourage engagement among the students

In our times there were no on field experiences they should be added if not done already

Classroom Quality, Washrooms

Infrastructure needs to be worked upon, especially washrooms. We need common rooms. We need more events to be organised. The administration can take a lead if they do not trust societies. But instead of delaying events, they should be a catalyst to successful events.

Accountability fixation needs to be done

Please consider on practical knowledge

More engagement for students in extra curriculum.

College is working at their own at 100% and today all facilities may be available for students persuing their degree at this time.

The overall experience is very nice. The areas of improvement are the size of classrooms. The classrooms have small occupancy while our CS hons class have higher class strength. Also, there should be more fun activites like fest, etc.

Should focus on sports as well

N/A

Work on canteen please

Collage should focus more on practical learning

Na

Please improve library staff (library infrastructure is fine) and quality of washrooms. Also more focus should be given on sports; We have an unofficial Chess Team still waiting to become official, former players won various tournaments and even played with titled players.

There is scope of improvement in the behaviour of admin office staff towards the students.

More extracurricular activities

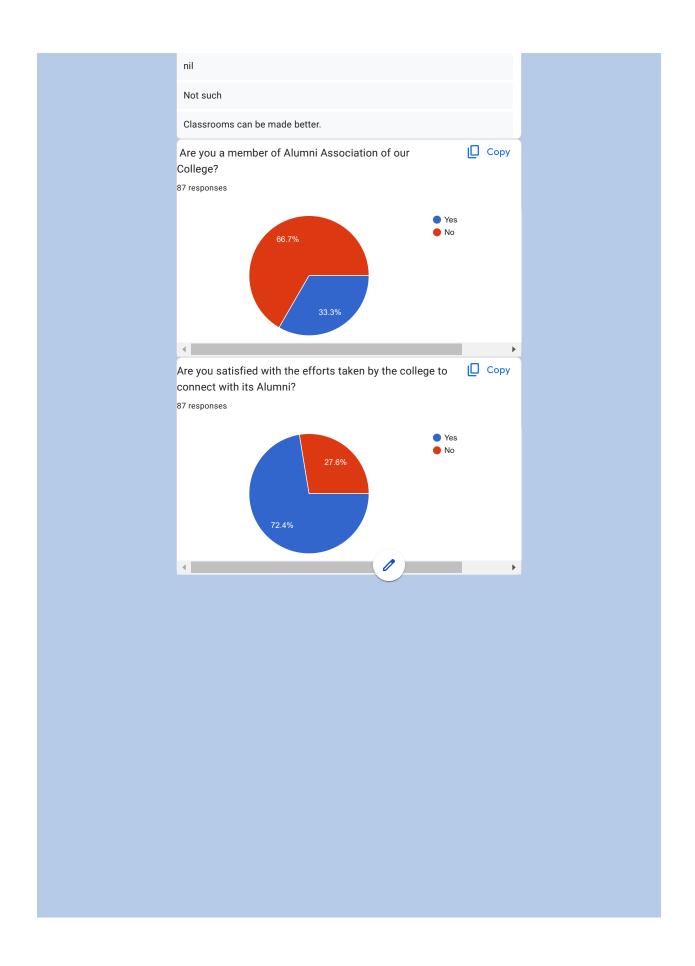

No -Suggestions

College faculties should focus on skills building so that students found themselves employable after graduation

Would love to host a monthly alumni call on zoom to get unto speed on what is required to do more development for students and college

Gym Area

Fu4ther interactions of allumns with the current batches and cultural committees to share knowledge and experience

What other efforts can the college take to integrate its Alumni in further enhancing the overall quality of the college? 87 responses
NA
Na
Regular meetups
None
-
Open event yearly in which invitations to the alumini are also sent.
I haven't seen any such alumni event ever since I graduated
Yearly meeting or interaction with students and teachers about the experience
Regular meetings
Regular alumni meets for a proper connect of students with alums
Kindly organize an offline alumni meet for the covid struck batches (pass out years - 2020, 2021)
Can take an initiative to conduct Alumni Meets at least twice a year
Student-Alumni connect can be made better
Communicate on regular basis
Community
Improve co curricular aspects in students
Invite them in events.
Have a connect once in 2-3 years
Excellent

	inkedIn page to stay connected with the alumnus. Organize alumni and meetings.
to a regul alumni w	specialized committee of present students who will have access larly updated centralised database containing information of all ho are willing to come and/or contribute. They can reach out to alumni as per situational needs.

Arranging some sports facility Must consider on sports activities Contact by call Whatsapp group They need to connect old students taking regularly I think college has made enough efforts to connect with the alumni. Annual counseling N/A College gathering Organise alumni meet annually or once in 2 years Alumni meets, but I don't know whether such a huge number of people can be accommodated easily under one roof:/ It's going good. Organizing more events with alumnis for more opportunities to communication among alumnis and respected teachers There should be an alumni meet-up Regular meet ups Would love to get involved and make a group of volunteers in Alumni and help students and develop a charter Good Have more inveractions and keep having a connect so that everyone can nil Help to integrate the networking, using diff groups and communities of different social media College can organise alumni meet
